## Invitation to Bid

**Project Name:** WWTF Secondary System Standby Generator

**Project Location:** Lynnwood, WA

**Project Owner:** City of Lynnwood

**Project Bid Date:** 3/23/10

**ACI Estimator:** Todd Vasey, [todd@award-inc.com](mailto:todd@award-inc.com)

**Contact:** Dawn Leischner, Asst. Project Manager (360) 318-8708, [dawn@award-inc.com](mailto:dawn@award-inc.com)

### **Project Description:**

The secondary treatment system at the City's Wastewater Treatment Facility will be provided with an 800KW diesel engine generator for standby power. The project also includes new electrical service gear for the secondary system service and new across-the-line and variable frequency drives for the four Main Plant Pump Station pumps. A canopy structure will be provide for the new electrical service gear. A CMU building will be constructed to house the new standby generator, with intake and outlet louvers and sound attenuation systems. The building will be supporte3d on auger-cast piles and the excavation for the building will be protected by a permanent soldier pile wall. The generator will be provided with a new diesel fuel system, including a 1,500 gallon above-ground storage tank, fill station, fuel piping and instrumentation and controls.

### **Scopes of work we are requesting quotes for:**

Electrical, HVAC, Survey, Trucking and Instrumentation and Control
